

Dear Legislator:

January - February 2015

I urge you to prioritize vital public programs that help tens of thousands of children, youth, and adults, and strengthen our communities. **An educated, healthy, and housed Washington requires robust public investments in schools, housing, and social services.** To do this, we need you to **enact fair revenue.**

This session, **please:**

- **INVEST \$100 million** to create good homes and local jobs through our **State Housing Trust Fund.**
- **PROTECT Crucial Programs & Prevent Homelessness for disabled and elderly Washingtonians:** Maintain Housing & Essential Needs (HEN), Aged, Blind, & Disabled (ABD), and SSI Facilitation at current funding levels. Seniors and people with disabilities *must* be able to meet their basic needs and access recovery resources.
- **ELIMINATE Barriers to Housing:** Pass the Fair Tenant Screening Act (*SB 5123 / HB 1257*), and enact laws to prevent discrimination based on how people pay rent, and to ensure fair reporting of evictions.
- **PREVENT Youth Homelessness:** Pass the **Youth Equality and Reintegration (YEAR) Act**, allowing youth who made non-violent mistakes to access housing and employment; **Extend Foster Care** for youth with significant medical conditions; Pass the **Homeless Youth Act.**
- **SUPPORT Homeless Students:** Pass the Homeless Student Stability Act (*SB 5065*).

I am counting on you to work and vote to **protect** and **house** the people of Washington. Thank you.

Signed,

(Name) (Address/Where you slept last night)

P.S. These priorities matter to me because: _____
