

# Do you want to improve health services for people who are experiencing homelessness in our community?

*What health issues are most concerning?*

*How can we make getting health care easier?*

The **Health Care for the Homeless Network (HCHN)** provides health care services to people experiencing homelessness in King County and leadership to help change the conditions that deprive our neighbors of home and health.

The **HCHN Governance Council** oversees HCHN's overall objectives and operations. The group is made up of individuals with expertise in specific areas relevant to our network and who are knowledgeable about homelessness, including people who are currently or formerly homeless.

For more information, go to our website: [www.kingcounty.gov/hch](http://www.kingcounty.gov/hch) and find our most recent **HCHN Annual Report** under the "Data and reports" tab.

## What would you do as a Council member?

- Participate in meetings once per month.
- Provide key oversight and strategic planning for HCHN.
- Help represent the needs of people in our community who are experiencing homelessness and may use HCHN health services.
