Geriatric Regional Assessment Team (GRAT) provides engagement, clinical assessment, and early intervention with isolated elderly adults who are escalating toward a crisis:

- Age 55 and older, who reside in King County
- Living in unhealthy environments
- Limited, or lack of community and familial support
- Struggling with cognitive, behavioral, mental health, or substance use issues
- Risk of losing housing
- Risk of hospitalization

Referral Sources:

- Family, Friends, or Neighbors
- EMS and First Responders
- Primary Care Physicians
- Social Service Providers
- Adult Protective Services
- Crisis Connections

GRAT receives funding from the [King County Veterans, Seniors & Human Services Levy](#) and the [MIDD Behavioral Health Sales Tax](#)
