

Dear Governor Elect Inslee,

I know the Legislature faces a difficult task in balancing this year’s budget. I am writing to urge you to preserve Washington's safety net for the poorest and most vulnerable.

As you sit down to Christmas dinner next week, you will probably be sitting down to more food than you can eat. However, many Washingtonian families will be sitting down to a table that does not have enough food.

As your New Year’s Resolution this year, please make a pledge to protect and support all Washington families and keep revenue ON the table!

Thank you, \_\_\_\_\_ (name)
